

Kinvey Mobile Application

Machhindra – Green Quotient Systems

June 3rd 2015

www.gquotient.com

What the app does

- ❖ Create developers from the front end
- ❖ Developer add project status.
The status of these details are set as '?' i.e is 'Pending' by default
- ❖ Manager can approve these task
- ❖ A developer will be able to see only the details that he/she created. Manager will be able to see the details by all users

Built with

- ❖ Frameworks

- AngularJs
- Twitter bootstrap for the UI components styling

Thank you

Machhindra Jagadale
